

WhatsUp @ PESLarnaka?

By Iliana Mavrou

Tsiknopempti – Traditions and culture are a fundamental value in our school. On the 8th of February the Parents Association organised a barbecue day with the help of our Year 6 students and offered traditional meat delicacies for the whole school. Everyone at school had the chance to play different sports, such as football and volleyball. Thank you to everyone who contributed to an amazing day at our school.

MEDI.MUN: From the 9th until the 11th of February six of our Pascal students from Years 4, 5 and 6 had the opportunity to participate in the MEDiterranean Model United Nations Program. Our students were given the opportunity to participate in lively debates on crucial international problems such as the negatives of contemporary international espionage, gender discrimination, child exploitation and many more. The Program allowed our students to become more aware of world problems that are tackled daily by the United Nations and practice their public speaking skills. Apart from debating, our students had the opportunity to bond with pupils coming from other English private schools across Cyprus and make new friends!
